Career Summary

I am a motivated Front-End Developer with over four years of experience in developing and maintaining web applications. I have a degree in Web Design and Development with a minor in Information Technology from the University of Arkansas at Little Rock. I am currently looking for a job as a web developer in the industry, where I can apply my skills and continue to grow professionally. I possess a strong work ethic and the ability to manage multiple projects simultaneously, while adapting to evolving business needs and priorities. I strongly encourage you to visit my portfolio website to view more of my work and see how I can contribute to your team.

Professional Experience

Digital Renaissance, Little Rock, Arkansas – web-projects.net/digital-renaissance
Web Project Manager 8/2024-11/24

- Led a cross-functional team to create and launch a website for the De' Medici Foundation, ensuring alignment with client goals and deadlines.
- Coordinated project timelines, resources, and team tasks to ensure efficient collaboration and successful project delivery.
- Communicated with clients and stakeholders to gather feedback, provide progress updates, and implement improvements for optimal results.

UALR EIT BUILDING, Little Rock, Arkansas – ualr.edu
Web Development Tutor/Extra Help Assistant 8/2023-Present

- Responsible for guiding students through the fundamentals of web design, including HTML, CSS, JavaScript, and responsive design principles.
- Assist in troubleshooting coding errors and optimizing website performance for various devices and screen sizes.
- Evaluate student progress and offer constructive advice to enhance their learning experience.

RS CONSTRUCTION, Benton, Arkansas – (501) 680-0528
Construction Project Lead 5/2020-Present

- Responsible for overseeing and coordinating all aspects of exterior construction projects, including siding, gutters, soffit, and fascia installation.
- Responsibilities include managing project timelines, supervising crew members, and ensuring high-quality workmanship in siding installations.
- Coordinate material deliveries, budget management, and client communication to ensure timely project completion.
